

Case Study ***UK Power Networks***

We are currently manufacturing a technical range of Waterproof, Flame Retardant, Anti Static, Electric Arc Protection clothing for UK Power Networks supplied via Bunzl Safety and Workwear consisting of Jacket, Trouser, Coverall and Salopette.

All garments feature Hi-Visibility Yellow Twill Modacrylic Cotton fabric with water Repellent finishing, highly breathable PTFE membrane and taped seams. Our range is CE certified and meets the following standards.

- EN ISO 20471: 2013 Class 3
- EN 1149-5: 2008
- EN 471:2003 + 1 2007 Class 3 2
- EN 343:2003 + A1:2007 Class 3 3

The PPE also satisfies the requirements of the non harmonised standard: IEC 61482-2:2009 Class 2.

As part of the conditions of supply of Cat 3 PPE we are now article 11b certified in conjunction with our ISO9001:2008.
